ANTONY GORMLEY: SCULPTURE, CENTRO GALEGO DE ARTE CONTEMPORANEA, SANTIAGO DE COMPOSTELA, SPAIN, 2002 - 2003

18 January - 31 March 2002

CGAC presented Antony Gormley's first solo show in Spain. Curated by Michael Tarrantino, the exhibition was a survey of Gormley's work from 1978 to 2002, charting his exploration of his body as a starting point from which to explore the relationships between bodies and the contexts that they inhabit.
