

# ANTONY GORMLEY

*EDIFICE, COMPLEX, VISIONARY, STRUCTURE, SEAN KELLY GALLERY, NEW YORK, USA, 2018*

06 January - 03 February 2018

Antony Gormley presents REST, 2012 in the group exhibition EDIFICE, COMPLEX, VISIONARY, STRUCTURE. The show features gallery artists who have addressed architectural themes in their work, either explicitly or indirectly, as reference and inspiration. With REST, Gormley considers the architecture of the human body as an adaptable set of forms to comprise abstract sculpture.
