

ANTONY GORMLEY

EDIFICE, COMPLEX, VISIONARY, STRUCTURE, SEAN KELLY GALLERY, NEW YORK, USA, 2018

06 January - 03 February 2018

Antony Gormley presents REST, 2012 in the group exhibition EDIFICE, COMPLEX, VISIONARY, STRUCTURE. The show features gallery artists who have addressed architectural themes in their work, either explicitly or indirectly, as reference and inspiration. With REST, Gormley considers the architecture of the human body as an adaptable set of forms to comprise abstract sculpture.
