

ANTONY GORMLEY

THE DOG: A CELEBRATION AT CHATSWORTH, CHATSWORTH, DERBYSHIRE, ENGLAND, 2019

23 March - 6 October 2019

This exhibition, conceived by the Duchess of Devonshire, explores the Cavendish family's enduring love for dogs, through paintings, drawings, sculpture, letters, photographs and contemporary art. We've sniffed out all of our favourite stories, capturing the idiosyncratic, faithful, endearing and playful character of man's best friend.

Ranging from historic to present day pieces, specially selected loans from public and private collections will be presented alongside items from the Devonshire Collection, featuring everything from working dogs to woven dogs, dogs on canvas to dogs on camera and from puppets to popular culture.

Antony Gormley presents LOST DOG II, 2002.
